

Health, Safety & Environmental Protection Policy

At LeanOptions Consulting, we are committed to the health, safety and wellness of people and our environment.

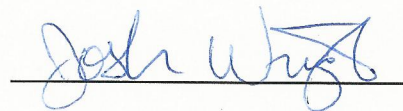

In both our work lives and home lives, our goal is to do our part to ensure:

- No harm to people
- No accidents
- No damage to the environment

We will:

- Comply with relevant legislation and regulations
- Adhere to the safety requirements of clients
- Provide safety training to our people
- Investigate and report any incident, injury or near-miss we are involved in
- Conduct pre-job hazard analyses where appropriate
- Actively encourage the continued improved safety performance of each other, our clients, community and industry

Owners, management and employees of LeanOptions Consulting are committed to meeting this Health, Safety & Environmental Protection Policy.
